

DeFazio for Congress received a check from the Transport Workers Union (C00008268), on October 29th 2010 for \$2,000, and the bank rejected the check because it was not properly signed.

A 48-hour report was filed about this contribution, but it is not reported on the Post-General report because the campaign never received a correct signed check from the Transport Workers Union, therefore no contribution there is no to report.
